SUMMARY

I am a highly motivated individual with a passion for learning and self-improvement. Constantly seeking to expand my knowledge of new technologies, I am eager to advance my IT and software/web development career. With a strong customer service and leadership background, I possess the skills necessary to excel in this field.

SKILLS

- **TypeScript**: Proficient in TypeScript, a statically-typed superset of JavaScript, which helps improve code quality and maintainability.
- **React**: Strong knowledge and experience in building user interfaces using React, a popular JavaScript library for building UI components.
- **Node.js**: Skilled in server-side JavaScript development using Node.js, which allows for building scalable and efficient web applications.
- **Express**: Proficient in Express.js, a fast and minimalist web application framework for Node.js, used for building APIs and server-side applications.
- **DevOps**: Experience with deploying applications to AWS (Amazon Web Services) and knowledge of cloud paradigms and deployments.
- **Problem-solving**: Possess good practical problem-solving skills and the ability to think quickly on your feet.
- **Customer service**: Excellent customer service and people skills, enabling effective communication and collaboration with clients and team members.

EDUCATION

Bachelor of Science - Information Technology/Software Development - Southern New Hampshire University - 2022-2024
Associate of Science - Computer Science - Southern Maine Community College - 2020-2022
High School Diploma - Sacopee Valley High School - 2011-2015

WORK EXPERIENCE

Web Developer – NTx Ventures
Remote/Plymouth, NH April 2023-Present

- Managed the planning and implementation of internal tools using Next.js, React, and TypeScript.
- Advised coworkers on best practices for web development and provided technical guidance.
- Deployed and maintained all projects for the company, ensuring smooth operation and functionality.

Assistant Manager + Technical Support – Semper Pie Inc.
Kennebunk, Maine 2021-2023

- Assisted the general manager in managerial duties, including paperwork, food orders, and scheduling.
- Managed the store throughout the day, maintaining a clean and safe work environment.
- Troubleshot and repaired equipment in the store to minimize downtime and ensure smooth operations.
- Advised other stores in the company on IT solutions, leveraging your technical expertise.

REFERENCES

Clif Boyd - clif@ntx.ventures Lead Developer, NTx Ventures

- Clif Boyd was the Lead Developer and supervisor at NTx Ventures, where I worked closely with him to ensure projects were delivered on time and honed my development skills.

Breauna Knowles - 207-703-6925 General Manager/Trainer, Boston Pie

- Breauna Knowles was my supervisor and trainer at Boston Pie, where I worked closely with her to develop my management and technical skills.

Tiffani Ruszenas - 207-641-3133 Franchisee, Semper Pie

- Tiffani Ruszenas was my franchisee at Semper Pie, and I collaborated with her on various projects, including implementing IT solutions for multiple stores.
